3. Coming Up:

September – Emergency Management Plan; Zoning Ordinance Draft; Review of 1445 Interlocal with Counties

October – Appointment of Economic Development Committee (EDC) Members; Review of Ordinance 151: Building and Construction Regulations

F. DISCUSSION ONLY ITEMS

1. Uhland Becoming a Dark Sky Community

Councilmember B. Heideman explained that it is becoming more difficult to see the stars at night with the amount of growth the area has experienced. With the scheduled and anticipated development, the light pollution will only become worse. By being a Dark Sky Community, Uhland would have regulations that require that lights illuminate someone's area, but not shine up or onto other people's property.

Councilmember Hodge asked if the Ordinance could be written so that as lights needed to be replaced they would have to be with fixtures that comply with the new regulations.

Discussion was held regarding: other cities in the area that are designated as Dark Sky Communities, the International Dark Sky Association and that the Association has draft Ordinances. It was decided that Legal Counsel Aker would add this to the Zoning Ordinance that she was currently updating.

G. DISCUSSION AND POSSIBLE ACTION ITEMS

<u>Uhland Economic Development Corporation (EDC)</u>

None.

<u>Uhland Planning and Zoning Commission (P&Z)</u>

1. Appointment of Planning and Zoning Commission (P&Z) Members

Councilmember Garonzik asked if there could be a screening process for applicants. Mayor Hunter reminded Council that it is a volunteer position and difficult to get individuals to commit the amount of time that it requires to be a Commission Member.

Discussion was held regarding the Public Hearings scheduled before the Planning and Zoning Commission, the fact that adjoining property owners have been notified and public notices published.

Council enquired about the qualifications for Commission Members. Legal Counsel Aker noted the member requirements per the Ordinance. Concern was raised that one of the applicants may not live within the prescribed area.

Moved by Councilmember B. Heideman to reappoint Ruben Mancias and Joanne Jarrett to the Planning and Zoning Commission contingent upon proof of residency requirements as per the Ordinance, seconded by Councilmember D. Heideman. The motion carried by the following vote:

Aye: Councilmembers Hodge, B. Heideman, D. Heideman, Schrock

and Garonzik.

Nay: None. Abstain: None.

2. Harvest Creek Development

- a. Planning Development Agreement
- b. Concept Plat

In response to questions from Councilmember Hodge, Scott Miller of Ranch Road Development clarified some aspects of the project and explained which areas were considered part of the green space.

Legal Counsel Aker explained the documents provided to the Council, what they accomplished and reviewed her suggested changes.

Discussion was held regarding the difference between this and planned developments the Council has approved in the past. Legal Counsel Aker explained that technically they were not different, but it was better to have Development Agreements be part of the Ordinance.

In response to Council's question, Scott Miller accepted changing it from a Planned Development District to a Planned Development Agreement, as long as it was in title only.

Discussion was held regarding Legal Counsel Aker's suggestion that the setbacks be changed from five feet (5') to six feet (6), she explained that due to COVID it will be customary to have six feet (6') setbacks.

The requirements of the extension of Grist Mill Collector Roadway Section was discussed. City Engineer Byron Sanderfer stated that it should be defined in Section 4.8 of the agreement. Scott Miller responded that they felt it was outside the scope of the project; however, it was defined in the attachment to the agreement, so he did not object to it being added.

Legal Counsel Aker asked Scott Miller if they had closed on the property because the City could not finalize the agreement until they owned the property. Scott Miller stated that they were due to close late September.

Council and Scott Miller agreed on the following issues: The name would be changed from Planned Development District to a Planned Development Agreement. The setbacks would remain five feet (5'), and Water Reuse, Section 4.13 would not be required.

In response to questions about fees on the project, Scott Miller stated that they typically pay project fees at escrow.

After deliberation it was determined that Councilmember Garonzik had a Conflict of Interest in this matter as a relative within the first degree currently owns this property.

Moved by Councilmember Hodge to table Harvest Creek Development Planning Agreement, seconded by Councilmember B. Heideman. The motion carried by the following vote:

Aye: Councilmembers Hodge, B. Heideman and D. Heideman and

Schrock.

Nay: None.

Abstain: Councilmember Garonzik.

City of Uhland

1. Select Grant Administrator to assist in the Application, Project Implementation and Administration for the GLO CDBG-MIT Grant Program, to Include 2015, 2016, Hurricane Harvey State Mitigation Completion and Method of Distribution Funds

Legal Counsel Aker advised the Council that due to the lack of adequate responses she would prefer that this item went out again; however, it is not feasible due to time restraints of the grant.

City Administrator Gallaher explained that this was sent out to ten (10) companies and only one (1) response was received.

Moved by Councilmember Schrock to select Langford Community Management Services, Inc. as Grant Administrator to assist in the Application, Project Implementation and Administration for the GLO CDBG-MIT Grant Program, to Include 2015, 2016, Hurricane Harvey State Mitigation Completion and Method of Distribution Funds, seconded by Councilmember B. 2. Select Professional Engineering Firm to Assist in the Project Implementation, Development and Design for the GLO CDBG-MIT Grant Program, to Include 2015, 2016, Hurricane Harvey State Mitigation Completion and Method of Distribution Funds

Two (2) of the responses received high scores. She added that Judge Hoppy Hadden was used as a reference and highly recommended TRC Engineering.

Moved by Councilmember Hodge to select TRC Engineering to Assist in the Project Implementation, Development and Design for the GLO CDBG-MIT Grant Program, to Include 2015, 2016, Hurricane Harvey State Mitigation Completion and Method of Distribution Funds, seconded by Councilmember Hodge. The motion carried by the following vote:

Aye: Councilmembers Hodge, B. Heideman, D. Heideman, Schrock

and Garonzik.

Nay: None. Abstain: None.

3. County Line SUD Certificate of Convenience and Necessity (CCN)
Amendment No. 10292

County Line SUD Manager Daniel Heideman explained that this Amendment was filed to clean-up the boundary and to include Harmony Hills, per their request.

No action was needed or taken on this item.

Discussion was held to confirm that this CCN was regarding water service.

4. Ladder Sign Program for the City of Uhland

City Administrator Gallaher requested that this item be removed from the Agenda.

5. Live Oak Cemetery

Legal Counsel Aker explained that she received additional documentation, however a number of requested records were not provided. Numerous laws and regulations govern cemeteries and require them to record, maintain and file information in a particular manner and those are some of the records not provided.

In response to questions from Council, Legal Counsel Aker explained that these regulations are extremely old and cemetery laws have not changed for over a decade. If the City acquired the Cemetery it would be required to correct whatever deficiencies currently exist. She expressed concern that the City could be liable and held accountable for the filings that were not done and the records that do not exist. She added that excluding these issues, she still did not have enough information to provide a recommendation to the City.

Legal Counsel Aker was asked about the requested records that were not provided, she explained that some of the records are board meeting minutes, required state filings, as well as a copy of the state mandated registration book which is a ledger containing information on every plot that exists within the cemetery.

D. Heideman informed Legal Counsel Aker that he provided the records that were maintained by the Cemetery and there are old records, but not a bound book. Councilmember B. Heideiman added that he believes he did create electronic records containing that information.

Discussion was held regarding the historic nature of the Cemetery and typical obligations the City would have should it acquire the Cemetery. Councilmember B. Heideman added that if the City did acquire the Cemetery the City Council could adopt an ordinance regulating how it was managed.

Moved by Councilmember B. Heideman to direct staff to proceed with acquiring Live Oak Cemetery, seconded by Councilmember Schrock. The motion carried by the following vote:

Aye: Councilmembers Hodge, B. Heideman, Schrock and Garonzik.

Nay: None.

Abstain: D. Heideman.

Due to the number of interested persons in attendance for Item 9 it was considered next.

9. Setting Date for Anderson Park Public Improvement District (PID) Workshop

Legal Counsel Aker confirmed that Council did not require her attendance at the workshop.

There was consensus that the workshop be scheduled for Wednesday, August 25, 2020 via Zoom Conferencing.

6. 2020-2021 Budget Proposal

Mayor Hunter reviewed each line item in the proposed budget.

Councilmember B. Heideman requested line items for equipment purchases, etc. in order to know where money is being spent.

Councilmember D. Heideman requested Public Works be itemized and for road repair to be a separate line item.

The Road Fund and needed road repair was discussed. City Administrator Gallaher explained that the mitigation grant on tonight's agenda will pay for drainage work that must be completed before roads can be repaired properly. Legal Counsel Aker added that the current estimate to redo a road is \$1.2 million per mile.

Councilmember B. Heideman stated that the Cost of Living Adjustment (COLA) and merit increases should be separated, and a 5% COLA was excessively high.

Legal Counsel Aker reminded Council that just because something is budgeted a specific way does not mean Council is obligated to spend the money in that manner.

Discussion was held regarding employee expenses, the importance of providing a good retirement package to employees and the fact that additional part-time staff were included in the budget.

Legal Counsel Aker explained that the new laws require that Council conduct a public hearing and adopt the budget prior to August 24, 2020.

Requested changes to the budget:

- Professional and Consultant Fees to be merged;
- Election costs to be in with Professional and Consultant Fees:

- Employee Relations to be changed to Employee Morale;
- Repairs & Maintenance to be broken out and itemized;
- Public Works to be broken out and itemized.
- Include more line items such as Equipment Purchases, etc.; and

CERTIFIED PUBLIC ACCOUNTANT

July 16, 2020

To the Mayor and City Council Members and Karen Gallaher, City Administrator

City of Uhland

We are pleased to confirm our understanding of the services we are to provide City of Uhland for the year ended September 30, 2020. We will audit the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, including the related notes to the financial statements, which collectively comprise the basic financial statements of City of Uhland as of and for the year ended September 30, 2020 Accounting standards generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement City of Uhland's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to City of Uhland's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by U.S. generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

- Management's Discussion and Analysis.
- 2) Budget to Actual

Audit Objectives

The objective of our audit is the expression of opinions as to whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of the accounting records of City of Uhland and other procedures we consider necessary to enable us to express such opinions. We will issue a written report upon completion of our audit of City of Uhland's financial statements. Our report will be addressed to the City Council of the City of Uhland. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or issue reports, or may withdraw from this engagement.

We will also provide a report (that does not include an opinion) on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*. The report on internal control and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control on compliance, and (2) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The paragraph will also state that the report is not suitable for any other purpose. If during our audit we become aware that [Name of Governmental Unit] is subject to an audit requirement that is not encompassed in the terms of this engagement, we will communicate to management and those charged with governance that an audit in accordance with U.S. generally accepted auditing standards and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste and abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, an unavoidable risk exists that some material misstatements may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by generally accepted auditing standards.

Audit Procedures—Internal Control

Our audit will include obtaining an understanding of the government and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. Accordingly, we will express no such opinion. However, during the audit, we will communicate to

management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards and *Government Auditing Standards*.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of City of Uhland's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

Other Services

We will also assist in preparing the financial statements and related notes of City of Uhland' in conformity with U.S. generally accepted accounting principles based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statement services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

Management Responsibilities

You will be obligated to compensate us for all time expended and to reimburse us for all out-of-pocket costs through the date of termination. The above fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. EXHIBIT "A" TO RESOLUTION GRANTING CONSENT TO ANNEXATION

PETITION FOR APPROVAL OF ANNEXATION OF LAND INTO MUNICIPAL UTILITY DISTRICTS

THE STATE OF TEXAS \$

COUNTY OF CALDWELL \$

TO THE HONORABLE MAYOR AND CITY COUNCIL OF THE CITY OF UHLAND, TEXAS:

The undersigned (herein the "Petitioner"), holding title to a majority and value of the land described in Exhibit "A" hereto (the "Property"), as indicated by the tax rolls of Caldwell County, Texas, and acting pursuant to the provisions of Chapters 49 and 54, Texas Water Code, together with all amendments and additions thereto, respectfully petitions for approval of annexation of the Property into one or more of the following municipal utility districts: Ranch at Clear Fork Creek Municipal Utility District No. 1, Ranch at Clear Fork Creek Municipal Utility District No. 2, Caldwell Valley Municipal Utility District No. 1, and any district created by the division of one or more of the aforementioned districts (the "Districts"), and would show the following:

I.

The general nature of the work proposed to be done to serve the Property at the present time is the construction, acquisition, maintenance, and operation of water and sewer facilities for domestic and commercial purposes, the construction, acquisition, maintenance, and operation of works, improvements, facilities, plants, equipment, and appliances necessary or helpful to provide more adequate drainage for the Property to be annexed, and to control, abate, and amend local stormwaters or other harmful excesses of waters and the construction of roadway infrastructure.

II.

There is a necessity for the improvements above described. Property to be annexed into the Districts will be developed for residential and/or commercial purposes. There is not available within the area proposed to be annexed into the Districts an adequate waterworks system, sanitary sewer system, drainage and storm sewer system or roadway infrastructure, and the health and welfare of the present and future inhabitants of this area, and the areas adjacent thereto require the construction, acquisition, maintenance, and operation of an adequate waterworks system, sanitary sewer system, drainage and stormwater system and roadways.

III.

The proposed improvements to serve the Property are feasible and practicable, and the terrain of the territory to be annexed into the Districts is such that a waterworks system, a sanitary sewer system, storm sewer system and roadway infrastructure can be constructed at a reasonable cost.

A preliminary investigation has been made to determine the cost of the project to serve the Property, and is now estimated by Petitioners, from such information as they have at this time, that the cost of the project will be approximately \$500,000,000.

The Honorable Vicki Hunter Mayor of the City of Uhland 15 N. Old Spanish Trail Uhland, TX 78640

Dear Mayor Hunter,

This year the services we have traditionally provided to our 10-county region have become more important than ever before as we adapted to new challenges for delivering them — we moved all law enforcement training online, enhanced our coordination of regional emergency response between local governments, and assisted communities to apply for economic development grants made possible by coronavirus funding. Our Aging Services staff quickly redirected federal funds for seniors to increase shelf-stable meal delivery, transportation for medical trips, and income assistance to keep older adults and disabled individuals in their homes. Meanwhile, our Emergency Communications division has continued testing 9-1-1 infrastructure upgrades to activate Next Generation 9-1-1 that will deliver digital information including photos and video and will accurately locate callers, ultimately enhancing our first responders' work. We are assessing the impact of teleworking on the region's air quality and planning how to increase economic resiliency by adding more jobs in the manufacturing sector.

Our agency exists because of the member cities, counties and organizations — your representatives on our General Assembly play an important role in guiding what we can do for this region. Your ongoing support with membership dues allows us to provide the match for grants that cover our services for disabled and elderly persons, the community and economic development technical assistance we provide, and our law enforcement training. We are also able to work on projects that aren't funded by state and federal agencies — this year we started working on broadband service starting with Blanco, Burnet, and Llano counties in January.

This year marks the 50th anniversary of CAPCOG — we hope to continue serving the region for many years to come. We have prepared a presentation on CAPCOG's history looking at where we started compared to our work today; this is available to any of our members, in person or virtually. I will provide an abbreviated version of the presentation at our upcoming online General Assembly meeting on September 9th; your General Assembly Representatives can RSVP for the meeting at https://training.capcog.org/by-topic/general-assembly.

As always, please contact me at 512-916-6008 or bvoights@capcog.org if any of my staff or I can assist you.

Best regards,

Betty Voights
